

2017-2018

Hi Early Learning Village Family,

Welcome to Early Learning Village (ELV), and thank you for choosing to join our team this year. Here at ELV we believe that a strong family/school partnership is key to creating a positive and inspiring learning experience. As teammates, I absolutely look forward to getting to know you and your family!

Seeking to shine the love of Christ in all we say and do, our warm and nurturing staff is committed to building and maintaining a safe and joyful environment where all children feel free to learn and grow together. While many activities your child will engage in may appear to be *just play*, be assured that your ELV staff has selected each with your child's physical, social-emotional, cognitive, and spiritual growth fully in mind. It is the desire of all of us here at ELV to offer a bounty of stimulating and intentional multi-sensory opportunities to encourage children to PLAY – questioning, exploring, and uncovering new marvels every day.

As Albert Einstein once said,

“Play is the highest form of research.”

Thanks for allowing the Early Learning Village team the opportunity to serve your little one(s) as we hop, squish, and twirl through this fun-filled year of growth and discovery!

Most sincerely,

Jean Earhart
